

Photography Contest

JR. Snacks!

What are your favourite animals snacks and how do they eat it?
What do they see when they eat it?
Or what do you see when they eat it?

INT. Patterns

Intermediates this year is slightly open. Let's get creative and search for a pattern and or texture! You can get high, low, up close or far away! Maybe find some color! Look for a pattern or texture we might not notice every day!

SR. Frame within a Frame

Seniors this year is slightly open! But lets play with a technique called frame within a frame! In photography, a frame within a frame is when the photographer uses something within the scene in front of them to frame the main subject. Therefore a second frame is created within the image hence: a frame within a frame!
